

Colorado Children's Book Award (CCBA)

This year, for the first time, Hopkins students will be voting for their favorite picture book and

chapter book from the list of CCBA nominations. A few of the nominations are shown here. Each student will get a check list of eligible books. They must have read or heard at least three (3) books from the list in order to be able to vote. We hope that everyone will read as many of the books as they can.

A lot of the nominations are very popular books that have been around for months or even a year. Because of that, it's very possible that students read some of these books a while ago. We're asking that students have a parent or teacher sign off on the books they've read.

Voting will be held during library classes starting on February 18th and ending on February 25th. Student checklists must be completed before their class votes.

We hope every Hopkins student will be able to help choose the most popular children's books in Colorado.
